

# Aditya Nambiar

Email: aditya.nambiar@gmail.com | Phone: +91 9876544444

Location: Thrissur, India | GitHub: github.com/adityanambiar

## Professional Summary

IoT Engineer with experience in embedded systems, sensors, Raspberry Pi, Arduino, cloud connectivity, and data analytics. Interested in building smart connected solutions.

## Education

B.Tech in Electronics and Communication Engineering, ABC College of Engineering (2021–2025),  
CGPA: 8.4/10

## Technical Skills

Arduino, Raspberry Pi, MQTT, Python, C++, IoT Sensors, AWS IoT, Embedded Systems

## Projects

Smart Home Automation System - Developed an IoT platform to control home appliances remotely.

Smart Agriculture Monitoring - Built a sensor-based system for monitoring soil moisture and crop conditions.

## Internship Experience

IoT Engineer Intern, SmartTech Innovations (Jan 2025 – Jun 2025)

Worked on sensor integration, cloud connectivity, and real-time monitoring dashboards.

## Certifications

IoT Fundamentals, Raspberry Pi Programming, AWS IoT Core Essentials

## Achievements

Winner, Smart India IoT Challenge; Developed an award-winning smart farming prototype.
